Every minute, some 15 children die around the world, from poverty, easily preventable diseases, illnesses, and related causes. This rarely makes the headline news that one might expect such a tragedy to do.

Today, around 21,000 children died around the world

Population by region. Six of the Earth's seven continents are permanently inhabited on a large scale. Asia is the most populous continent, with its 4.54 billion inhabitants accounting for 60% of the world population. The world's two most populated countries, China and India, together constitute about 36% of the world's population. Africa is the second most populated continent, with around 1.28 ...
