Invested capital represents the total cash investment that shareholders and debtholders have made in a company. There are two different but completely equivalent methods for calculating invested capital. The operating approach is calculated as: . Invested capital = operating net working capital + net property, plant & equipment + capitalized operating leases + other operating assets ...

A dual-listed company or DLC is a corporate structure in which two corporations function as a single operating business through a legal equalization agreement, but retain separate legal identities and stock exchange listings. Virtually all DLCs are cross-border, and have tax and other advantages for the corporations and their stockholders. In a conventional merger or acquisition, the merging ...

La duration di un singolo titolo, o di un portafoglio di titoli, indica la media delle scadenze dei flussi del titolo (o del portafoglio) ponderata per i flussi scontati.. È applicabile esclusivamente ad una obbligazione di cui sia noto il refixing.. Normalmente una duration maggiore si accompagna ad un rischio finanziario maggiore del titolo; ciò significa che ad un movimento dei tassi si ...
