Microsoft Office Specialist (MOS) Certification

Mean opinion score (MOS) is a measure used in the domain of Quality of Experience and telecommunications engineering, representing overall quality of a stimulus or system. It is the arithmetic mean over all individual "values on a predefined scale that a subject assigns to his opinion of the performance of a system quality". Such ratings are usually gathered in a subjective quality evaluation ...

First and foremost thank you for taking the time on helping me with this question. Here's the scenario: I have a report that is based on a parameter input in other words when you run the report it asks you to enter a provider ID based on this provider ID it generates a report for that provider but this forces me to do this one at a time, the challenge i have is how to automate this task so ...
