This is a list of important publications in chemistry, organized by field.. Some factors that correlate with publication notability include: Topic creator "A publication that created a new topic.; Breakthrough "A publication that changed scientific knowledge significantly.; Influence "A publication which has significantly influenced the world or has had a massive impact on the ...

### **List of important publications in chemistry - Wikipedia**

Chemistry is the scientific discipline involved with elements and compounds composed of atoms, molecules and ions: their composition, structure, properties, behavior and the changes they undergo during a reaction with other substances. In the scope of its subject, chemistry occupies an intermediate position between physics and biology. It is sometimes called the central science because it ...
