Rape is the fourth most common crime against women in India. According to the National Crime Records Bureau (NCRB) 2013 annual report, 24,923 rape cases were reported across India in 2012. Out of these, 24,470 were committed by someone known to the victim (98% of the cases). India has been characterised as one of the "countries with the lowest per capita rates of rape".

Rape in the United States is defined by the Department of Justice as "Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim." While definitions and terminology of rape vary by jurisdiction in the United States, the FBI revised its definition to eliminate a requirement that ...
