Where realism and liberalism took the state system for granted, marxism offered both a different explanation for international conflict and a blueprint for fundamentally transforming the existing international order.

International relations: One world, many theories

Donnelly's book produces a clear, but sophisticated, analysis of realism in international relations. It is one of the rare examples of a book of international relations theory that is approachable and easily understandable, but not lacking in original or noteworthy analysis.

Realism and International Relations by Jack Donnelly

International Relations (1982), Beyond Realism and Marxism (1990), The Transformation of Political Community (1998), The English School: A Contemporary Reassessment (with Hidemi Suganami, 2006) and Critical Theory and World Politics (2007).

Realism and World Politics - Universidade Nova de Lisboa

2 Realism Introduction Realism is the most well-established theoretical perspective in International Relations. Indeed, it has been argued that realism has dominated International Relations to such a degree that students, and indeed scholars, have often lost sight of the fact that it is in fact one perspective amongst many.
