Redesigning defense : planning the transition to the future U.S. defense industrial base.

Redesigning defense : planning the transition to the

Moreover, by redesigning its combat units, the Army plans to retain 170 combat battalions (units that fight the enemy)â€”3 fewer battalions than in fiscal year 2011.

GAO-16-327, ARMY PLANNING: Comprehensive Risk Assessment

Current business process redesign practices, in the defense sector as well as in business in general, are based on several assumptions inherited from Taylor's scientific management method, including the key assumption that activity-flow representations should provide the basis for business process redesign. While this assumption was probably correct for most organizations in the early 1900s ...

Redesigning Acquisition Processes: A New Methodology Based

domestic aerospace and defense industries bestow important benefits. These include high-quality, high-tech jobs, the "spillover" effect of aerospace and defense technologies on other economic sectors, national pride, and greater room for maneuver in security and foreign policy that comes from greater domestic control over these industries.
