Reliability does not imply validity. That is, a reliable measure that is measuring something consistently is not necessarily measuring what you want to be measured.

ERCOT developed a drought risk monitoring tool to screen for potential drought-related impacts to generation resources. The tool predicts whether water supplies used by generation resources in the ERCOT region are at risk of reaching levels requiring closer monitoring over the next 6 to 18 months, based on the most recent reservoir and lake levels from the Texas Water Development Board (TWDB ...

ReliaSoft XFMEA software is praised for its ease of use while offering highly configurable analysis and reporting capabilities. It's a great tool for facilitating FMEA team workshops/meetings, combined with a risk discovery tool that offers enough flexibility to accommodate all FMEA techniques.. You can easily link the FMEA analysis to reliability block diagrams (RBDs) and fault trees.

Design Guidelines for Reliable Surface Mount Technology

The Failure Modes and Effects Analysis (FMEA) method has been used to study the reliability of many different power generation systems. This paper now applies that method to a wind turbine (WT) system using a proprietary software reliability analysis tool.

PharmaInformatic is a German biotech company, which provides ADME/Tox Knowledge Bases and predictive tools (Expert Systems) to improve drug discovery and development. The expert system IMPACT-F predicts oral bioavailability of novel drugs in humans much more reliable than animal trials.

Prediction of oral bioavailability in humans

As photovoltaic penetration of the power grid increases, accurate predictions of return on investment require accurate prediction of decreased power output over time.

Photovoltaic Degradation Rates -- An Analytical Review

The February 2019 #RehabCast from the Archives of Physical Medicine & Rehabilitation features Dr. Samantha Backhaus's work developing a novel intervention for couples where one partner has a brain injury. The work led to a randomized trial, the first of its kind for a form of couples therapy targeting acquired brain injury, and is published in the February Archives.
