PDF Research Handbook On International Law And Terrorism

Foreign policy outputs of international actors are often defined within the confines of the international relations field, and instruments of foreign policy are elaborated in contexts in which the actor is a party to a problem. However, in many instances international actors adopt a third party role to execute their foreign policy objectives.

Handbook of Conflict Analysis and Resolution

This major new Research Handbook sets out to address some of the fundamental issues in financial regulation from a comparative and international perspective and to identify some of the main research themes and approaches that combine economic, legal and institutional analysis of financial markets.
