Raking salt on the Turks and Caicos Islands in about 1900. All this demand created places that specialized in producing what was known colloquially as "white gold."

## **White Gold: How Salt Made and Unmade the Turks and Caicos**

The Old Salt Route was a medieval trade route in northern Germany, one of the ancient network of salt roads which were used primarily for the transport of salt and other staples. In Germany it was referred to as Alte Salzstra e. Salt was very valuable at that time; it was sometimes referred to as "white gold." The vast majority of the salt transported on the road was produced from brine near ...
