Blink: The Power of Thinking Without Thinking (2005) is Malcolm Gladwell's second book. It presents in popular science format research from psychology and behavioral economics on the adaptive unconscious: mental processes that work rapidly and automatically from relatively little information. It considers both the strengths of the adaptive unconscious, for example in expert judgment, and its ...

There are leaders and there are those who lead. Start With Why is about a naturally occurring pattern, a way of thinking, acting and communicating that gives some leaders the ability to inspire those around them. The more organisations and people who learn to also start with WHY, the more people there will be who wake up feeling fulfilled by the work they do.
