the built environment ideas pdf
The benefits of a better built environment are many. It means a safer community for our kids, a healthier lifestyle for our families and closer relationships with the people and places we care about. â€¢ ACT to shape a better, built environment in their communities. Every citizen has a voice and a stake in this issue.

FREQUENTLY ASKED QUESTIONS About the Built Environment
The built environment influences a personâ€™s level of physical activity. For example, inaccessible or nonexistent sidewalks and bicycle or walking paths contribute to sedentary habits. These habits lead to poor health outcomes such as obesity, cardiovascular disease, diabetes, and some types of cancer.

Impact of the Built Environment on Health
Back to categories. Learning support The built environment sector includes a wide range of organisations and providers who cover contemporary architecture, urban design and public space and the historic built environment. Provision and support is available at a national, regional and local level.

Built Environment PDF - LOtC
The particular role of the built environment in determining health and well-being is demonstrated by the following model: Diagram by Barton, H & Grant, M, 2006, derived from Whitehead, M & Dahlgren, G, The determinants of health and well-being, 1991.
