### **ENTROPY AND ART AN ESSAY ON DISORDER AND ORDER**

Disorder/Order: Discovery or Invention? Heinz von Foerster 1984 Ladies and Gentlemen: This is a great symposium. I enjoy every minute of it. However, I feel there is a blem-ish, and this is that Gregory Bateson is not with us. The reason why I, in particular, am sad he is not among us is not only because he would have enjoyed tremendously

### **Disorder/Order: Discovery or Invention?**

This paper examines the order from disorder research program proposed by Schrödinger and expand on his thermodynamic view of life. We explain that the second law of thermodynamics is not an impediment to the understanding of life but rather is necessary for a complete description of living processes.

### **Order from Disorder: The Thermodynamics of Complexity in**

disorder, order, and organization are conceptually linked to a general notion of computation. This will give me a platform, first to talk in quantitative terms about order and complexity, hence of those processes by which order, or
