thing as the Holy Grail of the stock market. But some people are more successful than others and the answer is quite simple: No indicator is right all the time. More important is to combine different kinds of technical market indicators to a sound comprehensible investment process that will give you the competitive trading edge.

stock, your ownership stake in the company becomes greater. Whether you say shares, equity, or stock, it all means the same thing. Being an Owner Holding a company's stock means that you are one of the many owners (shareholders) of a company and, as such, you have a claim (albeit usually very small) to everything the company owns.
