Japanese folktales are an important cultural aspect of Japan. In commonplace usage, they signify a certain set of well-known classic tales, with a vague distinction of whether they fit the rigorous definition of folktale or not. The admixed imposters are literate written pieces, dating back to the Muromachi period (14th-16th centuries) or even earlier times in the Middle Ages.

Japanese folktales - Wikipedia

Please don't think of this as writing, any more than you think of early Beatles lyrics as writing. The colorless prose, and the many run-on sentences strung together with "and," would make you think of it as bad writing.
