Universal Service Program for High-Cost Areas. The federal universal service high-cost program (also known as the Connect America Fund) is designed to ensure that consumers in rural, insular, and high-cost areas have access to modern communications networks capable of providing voice and broadband service, both fixed and mobile, at rates that are reasonably comparable to those in urban areas.

High-speed rail in Australia has been under investigation since the early 1980s. Every Federal Government since this time has investigated the feasibility of constructing high speed rail, but to date nothing has ever gone beyond the detailed planning stage. The most commonly suggested route is between Australia's two largest cities, Sydney and Melbourne, which is the world's second busiest air ...

Short-run average cost. Average cost is distinct from the price, and depends on the interaction with demand through elasticity of demand and an average cost due to marginal cost pricing.. Short-run average cost will vary in relation to the quantity produced unless fixed costs are zero and variable costs constant.
